Profile

Cybersecurity professional with expertise in penetration testing, network security, digital forensics, and cyber threat intelligence, with hands-on experience in real-world cyber operations. seeking for a challenging and progressive career with an organization where my technical knowledge along with my creative thinking will contribute to the organization's achievements and my growth.

Skills and Expertise

- Strong expertise in **Web Application Security** and **OWASP Top 10**
- Skilled in **VAPT**, including both manual and automated testing
- Proficient with **penetration testing** tools like **Burp Suite**, **Nmap**, **Metasploit**, and **SQLMap**
- Good understanding of **Networking protocols**, **TCP/IP**, **OSI model**, and **firewall configuration**
- Hands-on experience with **Kali Linux**, **Ubuntu**, and **Windows OS**
- Active participation in **CTFs**, **TryHackMe**, and **Hack The Box** for offensive security practice
- Knowledge of **ISO 27001**, **NIST Cybersecurity Framework**, and **GDPR** compliance
- Ability to write detailed **security reports**, **risk assessments**, and **remediation plans**
- Continuously learning and adapting to the latest **cybersecurity threats** and **attack vectors**

Certifications

- **Certified IT Infrastructure and Cyber SOC Analyst** - Red Team Hacker Academy, Kozhikode
(Sep 2021 – Mar 2022)

Experience

- **Cyber Volunteer | Kerala Police Cyberdome | Remote/Hybrid | 2023 – Present**

Responsibilities :

- Assisted Kerala Police Cyberdome as a cyber volunteer in activities related to online safety and awareness.
- Supported teams in preliminary tasks like reporting suspicious links, phishing sites, and basic OSINT activities.
- Participated in awareness programs on cybercrime prevention and safe internet practices.

Tools & Skills Used :

- OSINT Tools (Maltego, Sherlock), Basic Cyber Investigation Techniques, Reporting Platforms, Awareness Campaign Support.

- **Cybersecurity Consultant | Empower Security | Remote | 2023 – Present**

Responsibilities :

- Provided cybersecurity consulting services to individuals and small businesses.
- Helped victims of cyberbullying, online harassment, and threats by offering guidance and technical solutions.
- Conducted awareness sessions on safe internet practices and incident response.
- Worked closely with clients to identify security gaps and suggest preventive measures.

Tools & Skills Used :

- SIEM Tools (Splunk, ELK Stack), Kali Linux, OSINT Tools, Phishing Analysis Tools, Incident Response Frameworks.

- **Security Admin Associate Intern (L1) | Infotact Solutions | Remote | Jul 2025 – Present (3-Month Internship)**

- Collaborating with development and IT teams to design, implement, test, and deploy secure systems and applications.
- Identifying and patching security vulnerabilities in code, infrastructure, and configurations using tools like OWASP ZAP and Burp Suite.
- Participating in security code reviews and threat modeling to ensure cybersecurity best practices and compliance.
- Monitoring and responding to potential threats by analyzing system logs, alerts, and network traffic.
- Preparing and maintaining security policies, incident response plans, and system hardening procedures.
- Taking part in weekly security audits and meetings, sharing insights to improve system protection.

Tools & Skills Used :

- OWASP ZAP, Burp Suite, SIEM Tools, Threat Modeling, Incident Response Frameworks

Education

- **Certified IT Infrastructure and Cyber SOC Analyst**
Red Team Hacker Academy, Kozhikode (Sep 2021 – Mar 2022)
- **Class 12 – State Board of Secondary Education** (March 2020)
- **Class 10 – State Board of Secondary Education** (March 2017)

Hobbies & Interests

- Capture The Flag (CTF) challenges
- Bug bounty hunting
- Cybersecurity labs (TryHackMe, Hack The Box)
- Exploring new hacking tools and techniques
- Reading tech blogs and security research papers
- Gaming

Languages

- Malayalam (Fluent)
- English (Fluent)
